

We have a new website!

Administrative Offices
400 E. Mechanic | Harrisonville, MO 64701 | 816 380 4600

Please tell us what you think....

We have redesigned our website to make it easier to use and to include more information about the library's services and programs. We will soon begin using the new website.

Before we do, we would appreciate your feedback. Please take a few minutes to answer a few questions about the website's organization and content.

Go to: www.casscolibrary.org

Are you able to easily locate and access the online catalog in the new website?

If you were looking for contact information for your branch, would you be able to easily locate this information?

If you were looking for the popular genealogy database, Ancestry.com, would you be able to easily find and access the database?

If you use the current website, is there anything you like better about it than the new website?

Thank you for your time! Please give this form back to anyone at the circulation desk.

The website's new graphic design and design platform were made possible with funding from the Office of the Missouri Secretary of State and the Missouri State Library
